

Pumpkin Placemat

The Pumpkin Placemat Template

The Pumpkin Placemat template is part of the Pumpkin Placemat Tutorial.

You can find the full tutorial on my website:

Printing the Template

The Pumpkin Placemat template is divided in four parts (A, B, C and D). Cut each template and put together using tape. Make sure that the triangles on the dotted lines match to ensure that the pieces are lined-up correctly.

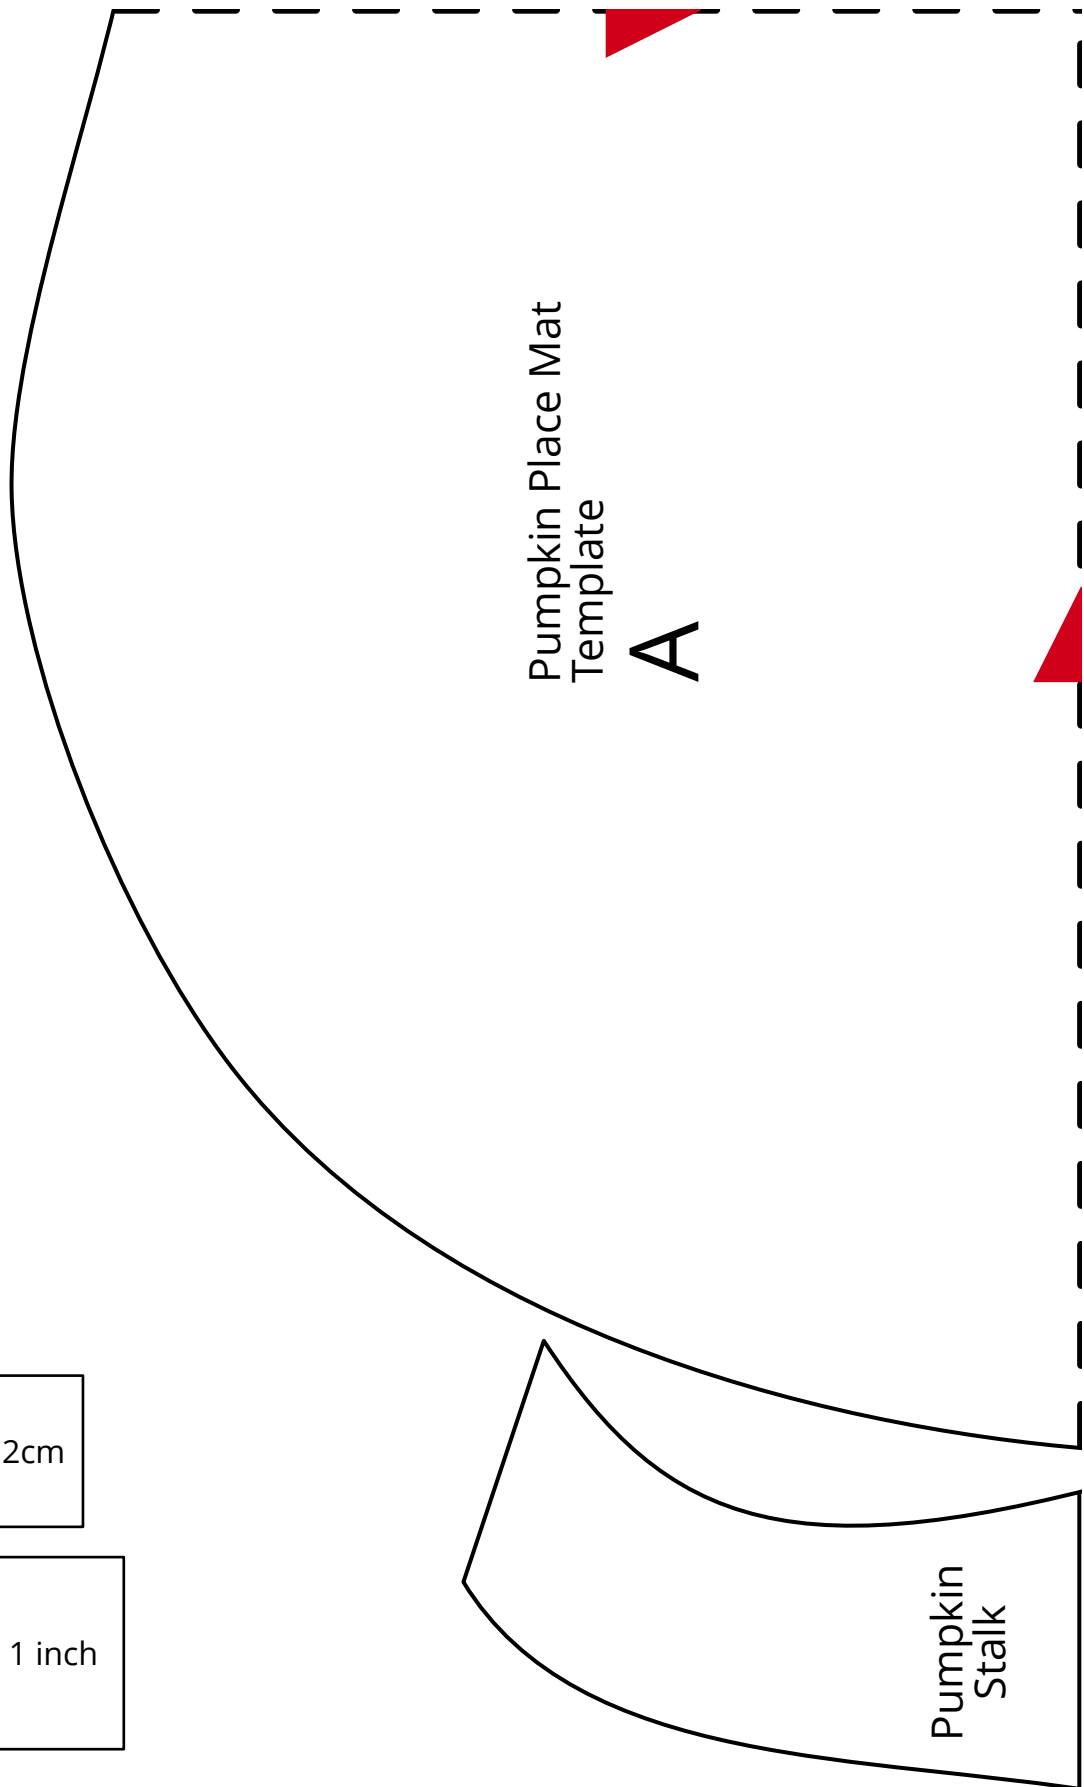

Don't forget to cut out the template for the stalk of the pumpkin as well. You find it on the same page as template A.

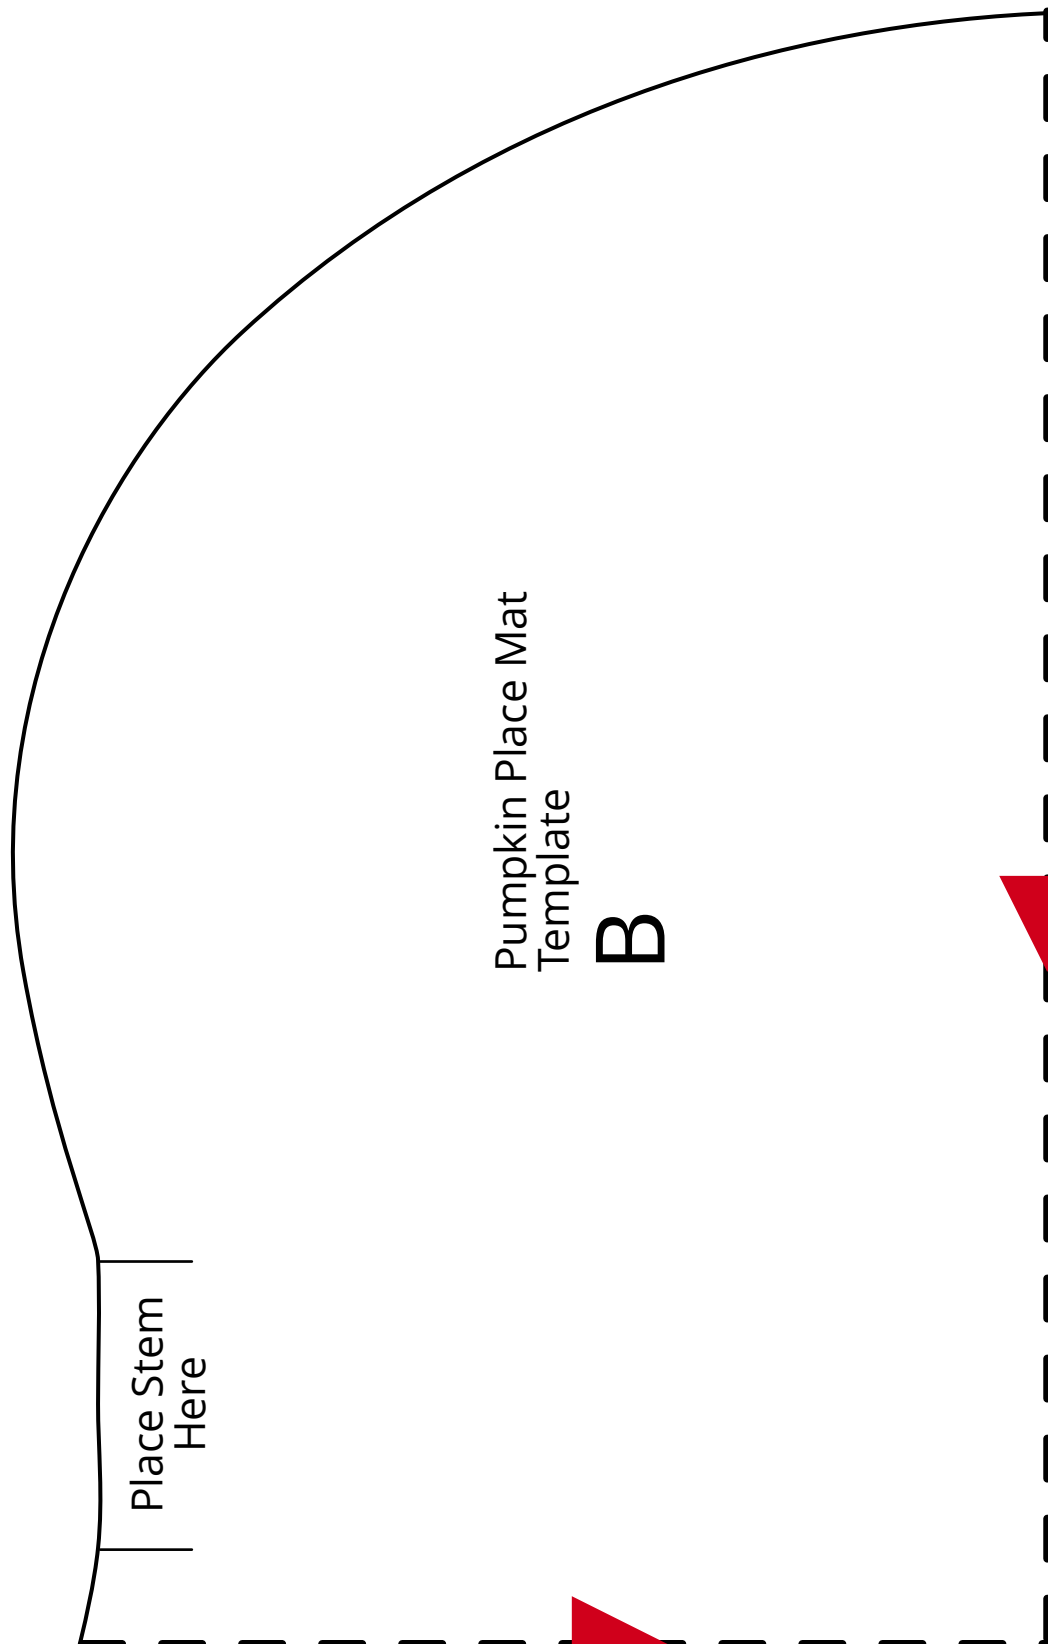

When printing the template, make sure to print at 100% and turn off scaling. After printing check whether the markings are the correct size, i.e. 2x2cm or 1x1inch. Check your printer settings again when the size is incorrect.
